Code, Pub. Utils. § 10-408, and local fees charged pursuant to Md. Ann. Code, Pub. Utils. § 10-406. Additional regulatory or airport fees may apply and will be disclosed to passengers prior to accepting the trip. If a trip is cancelled after it has been accepted by a TNO, the rider may incur a cancellation fee. Riders will be notified of the fee, including the amount of the fee, before the trip is cancelled. A long pickup fee may be charged when the TNO's estimated time to pickup exceeds eight (8) minutes. The fee will be based on the time and distance rates outlined above. A fee may be charged for a TNO's wait time after the TNO arrives at the rider's pickup location. A fee may be charged for a TNO's time during in-trip stops. Tolls incurred by a TNO during a trip may be charged to the rider. The base fare on Uber Reserve trips includes a dynamic Reservation Fee, which is intended to promote reliability, and varies depending on marketplace dynamics and trip factors such as driver availability, and the day, time, location, and distance of the trip.

Riders are responsible for the cost of repair for damage to, or necessary cleaning of, TNO vehicles and property in excess of normal wear and tear damages. Such repair and cleaning fees up to \$350 may be applied as necessary, with advance notice to the rider; however, in the event of extensive damage, Rasier reserves the right to facilitate payment by the rider for up to the full cost of repair and cleaning. Additional fees of up to \$2 may be charged for multiple pickups on shared ride trips. Additional fees of up to \$10 may be charged to transport pets (though riders with service animals may take a trip without any additional charge for the animal).
