Uber Eats

Add Online Ordering to your Wix website

Create an order button for your website

1. Copy the URL from UberEats Manager by clicking on it in the gray box next to this panel.

2. Log into Wix, and on the "My Sites" page, select the page that you would like to add the "Order Online" button to.

3. Once directed to the "Dashboard" page select the blue "edit site" button at the upper right corner of the screen.

4. Click on the blue "+" button on the left side of the screen.

5. Click on "Search" & type in the words "icon button".

    a. Click on the "Icon Buttons" section.

    b. Select a button from the list of buttons.

6. Click on the "Change text & icon" button above the button you created.

    a. Type in the words "Order Online" into the "what does it say?" section.

    b. Click on "Add a link".

        i. Mark off "web address" & paste in URL link copied from UberEats Manager.

        ii. Select that the link opens in a "New Window".

7. Click on the "preview" button at the upper right corner to review changes.

8. When finished reviewing, click on "Back to editor" & click on "Save".

9. Once finished, be sure to click the "Link Shared" button below (here, in Uber Eats Manager).
